(By Associated Press)  
London, March 7.—The negotiations at Spa relating to the shipping question have been temporarily broken off, according to a German wireless message received here today. The allies' message says, demanded that all the remaining German merchant ships be handed over unconditionally without being willing to undertake the obligation of supplying Germany with foodstuffs. The German delegates, it is added, received instructions from their government that the question of shipping, finance and food supply must be dealt with only as a whole.

The German message continues: "The question of handing over the merchant fleet can only arise if adequate food supplies, say 2,500,000 tons of foodstuffs, are assured Germany until the new harvest? The Entente could not agree to this."

As the instructions of both sides did not go beyond this a French delegate proposed that negotiations be broken off, whereupon the two special delegates left Spa.

Rome, March 7.—The commission sent by the American peace delegation to inquire into conditions in Montenegro passed through Rome towards Paris Thursday. It reported the situation in Montenegro as desperate. Of a family of eight children, five died from lack of food and the others were reduced to skeletons. The American Red Cross is busily engaged in trying to save the people from starvation.

Washington, March 7.—Reports today from the Naval Inspecting Board, which has been at work in connection with the German tonnage allocated to the United States for use in returning soldiers to this country, indicated that at least three of the large steamers would be turned over this month.

## FISH AND GAME BUDGET BILL IN

### Legislature Receives Report Which Recommends Many Changes in Law.

Concord, March 7.—The budget bill of the house committee on fisheries and game was handed to Clerk Young Thursday morning and read by its title for the first time. It will be printed, and be in order for consideration and action the first of next week. This is one of the big bills of the session, and will command close attention when it is in order for discussion. William C. Clarke of Manchester, has been appointed to represent his fellow members on the floor of the house when the bill comes up for action.

The budget bill introduced in one of the most conservative presented in years and one of the briefest. Most of its recommendations are in the line of fish and game legislation already enacted, and are not likely to meet with opposition. The committee has been in almost daily session for weeks and has granted countless hearings. The deer question in the southern part of the state, was the hardest problem the committee had to solve. Radically different opinions existed in the various counties, and it seemed well-nigh impossible to satisfy the conflicting views. Finally, the committee invited the committee of agriculture, who had drafted and introduced a bill greatly extending the open season in seven of the ten counties of the state, and increasing the number of deer which might be taken in one season to two, making two deer the legal bag in every county in New Hampshire, to meet with them in conference.

Various conferences resulted in compromise action on the part of the fish and game committee, establishing a uniform open season on deer of 30 days, from Nov. 15 to Dec. 15, in Sullivan, Cheshire, Rockingham, Hillsborough, Merrimack, Strafford and Belknap counties. No change was made in the present law in Coos, Grafton and Carroll counties.

The committee on agriculture expressed satisfaction with this agreement and it is predicted that the new deer bill will receive strong backing in the house. Extensive damage to apple orchards, especially to young trees, has aroused the ire of farmers in the southern counties, and while they do not ask for the extermination of deer in their section they desire the uni-

forms much thinned out. The budget bill recommends that the legal length of brook trout be fixed at six inches instead of five. New Hampshire is the only state in New England, and possibly in the whole country, having a five-inch trout law on its statute books. The legal catch in brook trout in one day—10 pounds—is unchanged.

The only change in the game bird law is one relating to woodcock. Hereafter the bag limit will be six in one day instead of ten, as the federal law requires. The bag limit of woodcock for one season per man is 50, the same as on ruffed grouse. No open season on pheasants is recommended.

Gray squirrels are given five years more of protection. The open season on raccoons will close Jan. 1 instead of March 1 as now. Coon-hunting as a legitimate sport ends with the first fall of snow.

The bounty on wildcats, which have become very numerous in this state and are killing many game animals and birds is increased to five dollars.

The number of towns open to rifle shooting on deer has been increased by 32. Rockingham county which has prohibited the use of a rifle in killing deer, will have the following open towns if the bill passes: Candia, Auburn, Chichester, Deerfield, Northwood, Nottingham, Raymond, Epping, Sandown, Danville, Fremont and Brentwood.

Mosquito pond in Manchester, Otter and Sunset lakes in Greenland, that portion of the Contoosuk river lying between the dam at Contoosuk Falls Park in Penacook, and the village of Contoosuk; Hobbs reservoir in Standish, and Long Pond in Standish and Washington, are to be closed to fishing for a period of five years.

The legal length of muskellunge, or golden trout, is fixed at 12 inches instead of 10.

The bill provides that the state treasurer shall keep a separate account to be known as the fish and game fund, to which shall be credited all money received from fines, forfeitures and license fees.

### DEAD CATS \$3 IN PETROGRAD

London, March 6 (British Wireless Service).—Starvation prevails throughout Bolshevik Russia and is killing off the population by thousands. Diseases due to under-nourishment are rampant and food is so scarce in Petrograd and Moscow that cats are readily for \$3 each. The undertakers cannot cope with conditions as there is not enough wood for coffins.

## NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

"Danderine" makes your hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and nervous, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—your hair can have beautiful hair and lots of it if you will just try a little Danderine.

### \$500,000 BACK PAY FOR LYNN EMPLOYEES

An award to employees of the General Electric Company in Lynn, by a conference board headed by H. A. Perkins of the National War Labor Board, was announced yesterday. The terms were estimated to provide for back pay of approximately \$500,000, under a retroactive arrangement. Some workers will receive nothing. By the terms of the award, bonuses will be abolished except for one of 6

per cent to men employed five years or more. Night workers' hours will be on the basis of a 10-hour day, instead of 12 hours. The award is an outgrowth of a strike of 15,000 employees of the company's plant last July.

## Protect Your Feet and Legs With Sturdy Comfortable Rubber Boots

When you're afloat in all sorts of weather, it's sound sense to give your feet and legs the best protection possible.

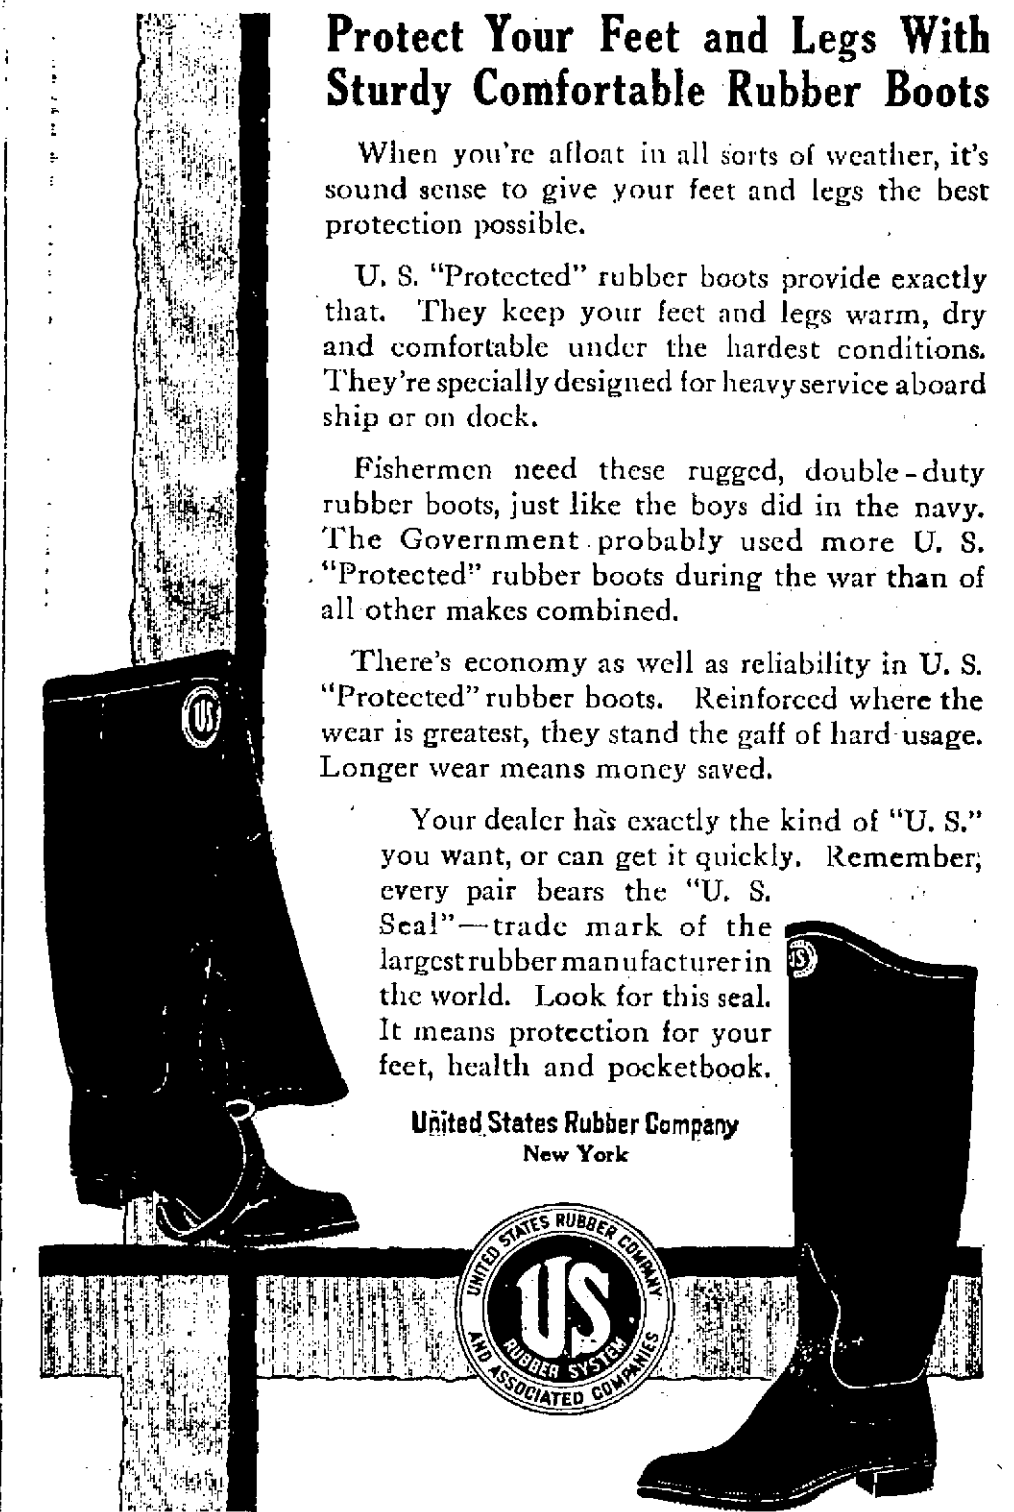

U. S. "Protected" rubber boots provide exactly that. They keep your feet and legs warm, dry and comfortable under the hardest conditions. They're specially designed for heavy service aboard ship or on dock.

Fishermen need these rugged, double-duty rubber boots, just like the boys did in the navy. The Government probably used more U. S. "Protected" rubber boots during the war than of all other makes combined.

There's economy as well as reliability in U. S. "Protected" rubber boots. Reinforced where the wear is greatest, they stand the gaff of hard usage. Longer wear means money saved.

Your dealer has exactly the kind of "U. S." you want, or can get it quickly. Remember, every pair bears the "U. S. Seal"—trade mark of the largest rubber manufacturer in the world. Look for this seal. It means protection for your feet, health and pocketbook.

## ROMANIA SIMPLY MUST HAVE FOOD

(By Associated Press)  
Paris, Thursday, March 6.—Queen Marie of Roumania declared today that in spite of the plight of her country and the sufferings of the people in the war, there is no danger of Bolshevism there if food could be obtained. Speaking of conditions in Roumania during the war the Queen said: "We suffered even worse than did Belgium. We had only Russia to depend upon. When the Russians came to assist us all they did was to eat our food. They were never of any real use. German plotters saw to that and when Russia broke, we were absolutely isolated. I have no fear of Bolshevism in Roumania if food is provided immediately. We are used to being shabby and can go without clothes and shoes but we must have food."

## FRANCE HAS 314,000 MEN MISSING

Paris, Feb. 27 (Correspondence)—On the casualty list of the French army, the word missing is written opposite the names of 314,000 men. Investigations have established that all hope for approximately 120,000 of these must be abandoned.

A minute examination of No Man's Land, it is hoped, may still yield indications by which it is possible to trace the fate of at least some of the fate of at least some of the missing men.

An army of 12,000 searchers will subject all the trenches and dugouts along the whole battle line to a most careful scrutiny for any evidence that may lead to identification. Nearly 17,000 square miles of ground must be explored.

There is talk of cemeteries being laid out on the battlefields, to be "plains of silence." Others prefer that the fields should be planted with trees to grow into mighty forests, an everlasting monument to the dead of the great war.

Boston, March 6.—The steamship Vedie bringing 58 officers and 2011 men from France, arrived in the harbor late this afternoon and were met by a welcoming committee from this city and Portland, Me. A number of the 54th Coast Artillery, who were recruited from ports in Portland harbor, are on board.

The steamship will dock at Commercial wharf tomorrow morning and receive a warm welcome.

The Portland committee headed by Capt. Frank D. W. Welch met the evening and made plans for the welcome of the Portland men. The men will be sent to camps in all parts of the country and 661 will be sent to Camp Devens.

## NAVAL BOARD WILL MAKE THE PROMOTIONS

(By Associated Press)

Washington, March 6.—Promotion of naval reserve officers above the grade of lieutenant-commander will be made by the Naval Selection board upon the return of the Atlantic fleet from the winter quarters in Cuba.

In announcing tonight that the board would be in session, Secretary Daniel said that the failure of the Congress to pass the bill authorizing the appointment of a board of five officers to consider the promotions, that he would be obliged to proceed under the old law and let the full board of 14 Rear Admirals pass upon their list.

## MAKE AN OFFER OF \$160,000 FOR BIG FIGHT

(By Associated Press)

Pocatello, Idaho, March 6.—The Pocatello Athletic Club have wired "Tex" Rickard an offer of \$160,000 cash for the Wilford Dempsey heavy weight fight. The message said that the boxing laws of Idaho were being revised so that it would be possible to hold the fight under the state laws. J. Robert Brady son of the late senator Brady the millionaire, signed the message as president of the club.

Cascarets taste like candy—only 10 cents a box!—Grand!

When a child's tongue turns white, breath feverish, stomach sour, mothers can always depend upon safe old "Cascarets" to gently, yet thoroughly clean the little liver and bowels. Cascarets are just dandy for children. They taste like candy and no child need be coaxed to "take them even when cross, bilious and sick. Each 10 cent box contains directions and dose for children aged one year old and upwards.

## Promoting Courtesy.

Springfield, Mass., has been having a "courtesy campaign," a popular movement to induce everybody to be courteous, and it is claimed that good results have already been noted. A commuter reports a noticeable improvement in conditions in the cars on which he travels. He says the conductors and passengers are all more polite and good natured, and that there is more sociability among the passengers. Another man who rides much in the street cars says children and young people are more ready to give their seats to older people than formerly, and he is impressed with the benefits accruing from the campaign.

So far so good. Courtesy is highly desirable and serves to make the world happier wherever it is practiced. If it can be promoted by formal campaigns such campaigns cannot be inaugurated too soon or pressed too vigorously.

Courtesy should be taught and insisted upon in the homes and the schools, for those are the starting points of the children in the lessons of life. One of the best ways to teach courtesy is to practice it, and when example alone is not sufficient there should be firm insistence on the part of parents and teachers. With proper training in their tender years the average boy and girl will be courteous, as if by nature and instinct.

True politeness springs from the right spirit as well as from proper training. There are many men and women who lack sadly what is to be gained from formal training and social advantages, and yet who are not to be outdone in true courtesy. We all see such men and women every day, and they have the respect of all right-thinking people; however much they may lack in what is commonly known as "polish." Their manners may be crude, but a considerate act or word prompted by a kind heart is courtesy in its true sense and seldom fails of appreciation.

The hurry-burly of modern life is responsible for much that passes for discourtesy, but which is not intended to be such. The streets and street cars are crowded with people hurrying to and from their places of business and employment, and in the jam it seems to be necessary for each one to look out for himself. Under these circumstances there is more or less crowding and pushing, and a person unused to it might feel that he was being poorly treated. But in the majority of cases no discourtesy is intended.

Courtesy is a genuine virtue and we cannot have too much of the real thing. No sensible man or woman enjoys that form of politeness which is chiefly spectacular, but considerate acts and kind words prompted by true sympathy and a desire to smooth the rough places in life cannot be too highly commended or too sedulously practiced.

If "courtesy campaigns" will do any good, let them come. But the probability is that if courtesy is properly taught to children and their elders do not forget the obligations resting upon them, there will be little need of formal campaigns for the promotion of civil and considerate conduct, in public and in private.

Maine and this state are taking the proper steps toward securing a new bridge between this city and Kittery, which shall serve also as a memorial to the soldiers and sailors of the two commonwealths who lost their lives in the war. It is expected the federal government will be ready to lend a hand, as it should, and if such proves to be the case all will be well.

The United States cannot be charged with greed when it exacts only \$750,000,000 out of the \$120,000,000,000 which the Allies are talking of extracting from Germany. The peace "financiers" should not forget the homely old saying—"You can't get blood out of a turnip."

The State Senate has killed the bill legalizing certain kinds of sports and business on Sundays. Perhaps the members felt that prohibition of the New Hampshire brand is all that the people should be asked to stand up under at one time.

A correspondent says the French are amazed at the amount of work President Wilson can stand. And there are some people in this country who are similarly affected.

The income tax is making jobs for a large number of collectors. But just wait till the government begins the work of enforcing the prohibitory law!

A bullet hole through a plate-glass window may serve to attract attention, but Portsmouth merchants are not anxious for advertising of that kind.

The President signed the wheat bill while here and the farmers are happy. But there was no occasion for worry on their part at any time.

CRACK GERMAN  
TROOPS JOIN  
SPARTACANS

(By Associated Press)  
 London, March 7.—A German wireless dispatch states that in addition to the voluntary marine division and a portion of the Republican militia members of the second guard regiment and the Fusilier regiment went over to the Spartacists on Wednesday. Owing to the strike of printers and compositors the Wolff Bureau is unable to circulate its printed bulletins. A dispatch to the Mail from Berlin Wednesday night asserted that it was reported in government circles that as a result of a compromise reached at Weimar the strike might end today.

TRANSPORT VEDIC ARRIVES  
IN BOSTON WITH WELL KNOWN  
PORTSMOUTH BOYS ABOARD

Twenty-two Americans in civilian clothes, who watched from the banks the rise of German arrogance to its pinnacle and then saw it slump with the failure of the vaunted spring drive of 1918, and more than 2200 other Americans in olive drab who helped turn the slump into a rout, are out in Boston harbor waiting for a gangplank to lead them to American soil once more.

They are aboard the transport Vedic, which brought them into port on Thursday afternoon to give them a daylight view of the Boston waterfront and a long and tantalizing evening view of Boston's lights.

The 22 in civilian clothes are back from 22 months in German prison camps. They were seamen captured by the sensational rader Mowse a month before the United States entered the war. Several of them are Boston men.

The men in olive drab came back with gold chevrons on both sleeves, many of them with Y. D., Rainbow and other glorified insignia on their shoulders, and with croix de guerre and distinguished service crosses on their breasts to tell of the parts they had taken in the fight which freed the 22 from the horrors of Teuton prison camps.

New England men were everywhere on the decks of the transport as she made her way up the harbor at mid-afternoon Thursday to anchorages in President roads. There was one whole

Gift From Friends.

In recognition of the birthday anniversary of Charles E. Jones, a party of about 25, including associates at the Atlantic Company's plant, relatives and friends, gathered at the home of Howard Amos at 57 Main street Thursday evening for a social time. It was a pleasant occasion and filled with good fellowship. Music and readings added to the enjoyment. Mr. and Mrs. George E. Howe of Elliot contributing to the entertainment program.

An incident of pleasant interest of the evening was the presentation of a gold watch and chain and several smaller gifts to Mr. Jones, the presentation being by Mr. E. Downing, in behalf of the assembled friends. Mr. Jones gave evidence of his pleasure by a few well chosen remarks, thanking the donors for their kindness.

Refreshments of ice cream and cake were served and games were participated in and at a late hour all left for their homes.

Among the guests was Mrs. Bessie Amos, who has lately returned from the hospital, and she received a hearty greeting.

ODD FELLOWS HAVE  
BIG MEETING

A Class of Forty Given Third Degree by  
Famous Degree Team at the Ports-  
mouth Theatre

One of the largest Odd Fellows  
gatherings held here for some time,  
was at the Portsmouth Theatre  
Thursday evening where the ef-  
forts of the Osgood Lodge of this city  
and the Riverside Lodge of Rittory,  
the Odd Fellows had an opportunity  
of witnessing the conferring of the  
third degree by the famous degree  
team of the Fraternity Lodge No. 6 of  
Woodford, Mo.

The meeting was held in the Ports-  
mouth Theatre owing to the size of  
the crowd, for over five hundred were  
present including Odd Fellows from  
all over this section of the state.

The degree was conferred on a class  
of forty candidates, 12 from Osgood  
lodge, 16 from the Riverside lodge, two  
from the Rockingham lodge No. 22,  
two from the New Hampshire lodge  
and one from the Sagamore lodge.

The Fraternity degree team has  
fifty-five men and they gave a most  
excellent presentation of the degree,  
with many new features all well  
worked out. The tableau work was  
exceptionally fine and their floor work  
showed perfection and long drilling,  
the large number of men being  
handled with a precision that has  
helped to make this degree team fa-  
mous in Odd Fellows circles. Their  
work was repeatedly applauded by  
the large and interested audience.

The visiting degree team came here  
on a special car Thursday afternoon  
and they were the guest of the  
Friendship club during the afternoon.  
Following the degree work a banquet  
was served in Odd Fellows hall, which  
the Union Rebekah lodge entered for.

The Osgood and Riverside lodges  
were highly complimented for their  
good work in staging such a big event.

CHIEF YEOMAN'S  
QUICK SHIFT

Has License to Marry One  
Young Woman and Uses It  
to Marry Another.

The marriage of Chief Yeoman Wil-  
liam J. Duffy, attached to the U. S.  
naval prison and Miss Julia Mulline  
of 25 Columbia street, this city, which  
occurred at Rittory, at the residence  
of Judge Aaron D. Cole, on Tuesday  
evening, Feb. 18, has created no small  
sensation in this city, owing to the  
fact, it is alleged, that Duffy was to  
have been married the following  
morning at the church of the Im-  
maculate Conception to Miss Helen  
Healey, a friend attached to the local  
navy yard. According to those who  
are in a position to know, Duffy ac-  
companied Miss Healey to her home in  
the early part of the evening, but pri-  
vately met Miss Mulline, with the  
result that at 10 o'clock that night,  
accompanied by a party of friends,  
they went to the residence of Judge  
Cole, where they were married. The  
marriage was performed without  
question by Judge Cole, as he did not  
know that the name of Miss Mulline  
had been substituted on the marriage  
license for that of Miss Healey, as  
originally issued by Clarence M.  
Prince, town clerk of Rittory.

The witnesses to the marriage were  
Miss Lorenze, a sister of the bride,  
and William Conner, another service-  
man.

While there were rumors of the  
marriage, it was indignantly denied  
by Miss Mulline, and a request was  
made of the local papers not to pub-  
lish anything concerning it. Much  
sympathy is expressed for Miss Healey.

VEDIC TROOPS  
GET HEARTY  
WELCOME

(By Associated Press)

Boston, March 7.—The White Star  
line's Vedie returned to their home  
shores today 2200 soldiers most of  
them members of the 5th Heavy Ar-  
tillery. The harbor welcome of yes-  
terday was supplemented by a greet-  
ing at close quarters as the big gun  
fighters landed at Commonwealth  
pier this morning.

The reception  
committees were headed by the act-  
ing mayors of Boston and Portland,  
Maine. The soldiers were taken to  
Camp Davens for discharge. The  
Vedie also brought 22 men in civilian  
clothes. They were former prisoners  
of war at German camps where they  
were taken in 1917 from the famous  
ranger Marce which had captured and

sunk their vessel, the Esmeralda. The  
men said they were required to  
work 12 hours daily while in prison.  
In one single hospital 3000 per-

## JITNEYS FORCED TO SUSPEND FOR BAD ROADS

The conditions of the roads about the city are so bad that many of the jitneys have been forced to suspend their trips for the first time this winter. This is true of the jitney which runs to the Shattuck yard in Newington, the road over the Newington line being positively dangerous for travel.

## SENATE PASSES IRISH RESOLUTION

The Senate of the New Hampshire legislature concurred Thursday with the House resolution asking the President to use his good office to have Ireland's plea of self-determination heard at the Peace Conference. The resolution passed by a unanimous vote and with little debate.

## EARLY MORNING STILL ALARM

The chemical engine was called to J. W. Hodgdon's Cafe on Congress street, shortly after one o'clock this morning, a pan of fat on the kitchen range had caught fire and there was

a bad blaze about the stove, and for a time it was feared that the flames would spread through the building. The damage is not very great.

## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 60 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyle's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyle's Sage and Sulphur Compound and look years younger.

WELCOME THE BOYS.

"World's War Heroes Welcome Home" is conspicuous on numerous red, white and blue pennants in local store windows.

## PADDY OWENS HANGS DEFEAT ON RUSSELL

Paddy Owens of Boston got the decision over Johnny Russell of New York in a twelve round bout before a big crowd at the Knickerbocker A. C. on Thursday evening. It was a good bout and the decision to Owens a popular one.

The New York boy appeared to have slowed up since he was here the first of the winter, and got a draw with Owens and he was inclined to let the hanging on last evening. He did not have the good judgement of distance for which he is noted and missed the Boston lad repeatedly with that vicious left hand hook of his.

Owens was it anything in better shape and he repeatedly carried the fighting to Russell, and on the nighting had much the better of the argument, although the battle. Neither lad worked as fast as they are capable of, for both were inclined to be a bit cautious and some of the rounds were more like heavy weight class than bantams, with their usual speed.

They made the last three rounds fast and in all of them Owens had the better of the New York lad, and the last round was very fast, with both lads finishing in fine shape. They were in the pink of condition and could have gone twenty rounds without any great effort.

In the preliminaries Dennis Ryan knocked out a lad who was substituted for Kid Russell in the second round.

Young Gavan of Somersworth made Johnny Walsh of the navy, quit in six rounds having the better of the argument all of the way.

## VETERAN SCHOOL JANITOR RETIRES

Mr. George L. Baranites the veteran janitor of the Cabot street school, today completes his duties as a school janitor and retires after a long and faithful service on his 54th birthday. Mr. Baranites has been a janitor in the school department for thirty years, more than half of which has been at Cabot street school, and he has held a distinct place in the affection of the teachers and scholars of that school for many years.

On Thursday afternoon after school, the teachers of the building gave him

a little surprise when they arranged a party in his honor and at the same time presented him with a box of cigars. A pretty decorated birthday cake had a prominent part in the getting and the cream and cake was served. The old gentleman, still bright and as alert as any man twenty years his junior was greatly pleased with the kindness of the teaching staff.

Mr. Baranites is one of the oldest and best known citizens of this city with a host of friends. He has a general disposition that is always looking upon the bright side of everything and he carries his eighty-four years as lightly as he did his fiftieth. As a young man he followed the sea and traveled very extensively and for some time was a member of the police force under Marshal Johnson. He retired after a long and faithful service, much to the regret of the School department and the teachers and scholars of the school.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe the inside like you bathe the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## NEAL AND PRAY START WORK ON MONDAY

The new wet wash laundry of Neal and Pray will open for business on Monday morning. The company Captain Cecil Neal and Richard Pray have purchased one of the large buildings formerly a part of the Eldridge drawing company, and this has been rebuilt on the inside into a model laundry, equipped with all of the latest machinery for handling a large number of family washings, on the wet wash plan. They are both popular young men and are sure to make a success of their venture.

## A REAL IRON TONIC

Like Pepiton May Be Just What You Need This Spring.

Probably nine tenths out of ten have lost or are losing their grip on health in these trying months of awful epidemic exposure to damp, changeable weather, and association with sick people in overcrowded homes. Depleted blood, loss of the red corpuscles, shattered nerves, loss of appetite and drowsy feelings in the head, irritability, all fairly call for the good tonic strength and nourishment that Pepiton will give you. It is a wonderful corrective of anemic tendency, restores the red corpuscles to the blood and gives a natural vigor and snap that keeps up courage, makes you cheery and helpful to your family and friends, and contributes wonderfully to the health of all. Remember this one thing—as vitality, positively true—Pepiton is a real iron tonic.

## YEOMAN (F) DEFEAT HIGH SCHOOL GIRLS

The Yeoman (F) basket ball team defeated the High school girls at the State Armory on Thursday afternoon in a fast and interesting game by a score of 10 to 5. This was the rubber game each having won a game and with the same score.

There was a good crowd present and the winners for both sides kept the game lively.

For the winning team the work of Miss McCarthy and Miss Wilson were the features both getting two goals from the floor and one each from fouls. For the school team Miss McDonough and Obery each got a goal from a foul and they got good support. The work of Miss Frances Badger at center being especially noticeable.

The score:  
Yeoman (F) High School  
Miss T. McCarthy, r. f.  
Miss Wilson, l. f.  
Miss V. Badger, c.  
Miss Parsons, l. g.  
Miss McDonough, r. f.  
Miss H. McCarthy, r. f.  
Miss Obery, l. f.

Score: Yeoman (F) 10, P. H. S. 5. Goals from floor: Miss T. McCarthy 2, Miss Wilson 2, Miss McDonough, Miss Obery; Goals from fouls: Miss T. McCarthy, Miss Wilson, Miss McDonough, Frances, Hicks; scorer, Martin, three ten minute periods.

## SIMS PRAISES NAVY FLIERS

New York, March 7.—Admiral Sims commander of the U. S. naval forces in European waters has sent the following wireless message to Alan R. Hawley, president of the Aero Club of America:

"Please express to the naval aviators of America my most sincere appreciation of their courageous and loyal performance of duty at home and abroad throughout the war. Their brilliant exploits, their determination to win, will ever remain one of the highest tributes to American manhood.

"The performance of duty of these young naval aviators under my command has not only been in keeping with the very best traditions, but won for America the enthusiastic praise of her allies."

## NO TRIAL FOR KAISER, PEACE COM. DECIDES

Paris, March 6.—The report of the Peace Conference commission to determine the responsibility of the authors of the war, it is understood, will be completed tonight and presented to an early meeting of the Supreme Council. Robert Lansing is chairman of the committee. The work of none of the Peace Conference commissions has been guarded so closely as that of the commission on responsibility. The commission's report, it is understood, while fixing moral responsibility, fails to find legal responsibility because there is no precedent or no law governing the case or no court existing to try the accused if legal guilt is found to be evident.

CHARLES DARWIN ON MUSIC

"My mind seems to have been a kind of machine for grinding general laws out of facts. I have lost the higher aesthetic taste and with it a great source of happiness. If I had to live my life again, I would have made it a rule to listen to some music at least once a week."

**SOCIETY PLANS  
IMPROVEMENT OF  
PLAINS DISTRICT**

A very enthusiastic meeting of the residents about the Plains was held at the Plains Schoolhouse on Thursday evening and the Portsmouth Plains Improvement Association was organized and the following officers elected:

President, Edward Sheehane.  
Vice President, D. P. Borthwick.  
Secretary, Gertrude H. Conroy.  
Treasurer, Arthur Cook.  
Executive Committee, George L. Clough, Mrs. Florence Cummings, Mrs. Joseph Thum, Arthur Cook, Frank Joseph, Freeman Freeman, John Pearson, A. M. Bickford.  
Advisory Board, Ernest Lund, Arthur Bates, George Wiggins, Charles Fernald, Origen Teague, J. O. Woods, Dr. Edward Sheehane, Milton Schurman, Charles Hayes, John Durgin, Mortimer Hoyt, Rosecoe Nowell, Nelson Brown, Jan. Schurman, Stanton Freeman, Joseph Randall, Arthur Palmer, Harry Gerish, Mrs. Charles Hayes, Mrs. Tozier, Mrs. Arthur Cook, Mrs. Origen Teague, Mrs. Arthur Clark, Mrs. John Durgin, Mrs. Rosecoe Nowell, Mrs. Milton Schurman, Mrs. Edward Sheehane, Mrs. Mortimer Hoyt, Miss Alice Sheehane, Miss Emma Sheehane.

The association has been formed for the purpose of improving the plot of land formerly used as a training ground in the early days, making a permanent road across the plot connecting Middle and Irving roads near the schoolhouse. Trees will be set out along the roadside and the land regraded and seeded down. The ball ground in the center of the plot will be suitably graded for this spot.

The association has made a promising start and with such an interested body of workers will undoubtedly accomplish much. The Plains certainly has great possibilities for improvement and the fine spirit shown by the new organization is commendable.

**THE HERALD HEARS**

That a representative of Henry Ford has been in this city lately making many inquiries as to certain property near the railroad and water front.

That it would mean much to Portsmouth if this city was lucky enough to secure one of his proposed 50 plants to be located in the east.

That at one time it was said several individuals would put in a claim for some of the liquor held at the police headquarters which was captured on January 22.

That according to all reports they are in luck for not making any claim on the wet goods.

That some auto drivers never seem to think that there is such a thing as a fire hydrant.

That they believe in getting as close to a hydrant as possible with a machine.

That the income tax sheets are the cause of keeping many a man up at night.

That if "Boston's own" and the 20th division didn't win the war against Germany it's not Boston's fault.

That the only time the average man admits he is one of the common people is when he is dining for a political office.

That the legislature has taken up as much time arguing over the adoption of a state flower as it has over woman suffrage and other.

That it is about time some one suggested the potato blossom.

That John Maude of Helleborine, Ohio, knocks all the early robin and early mayflower picking to nothing.

That John caught grasshoppers on January 22 in his field and has them on exhibition in a bottle.

That a question might be asked did John have another bottle on his person the day when he was credited with capturing this red legged leaping insect.

That the South Mill pond is clear of all ice.

That a year ago today it was nearly a foot thick and did not clear up until many days later.

That the predicted cold wave has been sidetracked somewhere.

That the fight to separate Salisbury and Salisbury Beach into separate towns is on in the Massachusetts legislature and those for and against it are kept busy.

That children in a California school have a new teaching in the darning of Daddy's socks instead of stringing beads and cutting out funny pictures.

That Milwaukee shoe dealers predict shoes made of fish skin soon.

That these shoes ought to be just the thing for that new dance, the "fish walk."

That a Kansas City man wants a divorce because his wife visits her relatives.

That he might have a kick if it was the other way and she insisted on her relatives visiting her.

**LADIES' CIRCLE SERVES SUPPER**

An inviting supper at the Universalist vestry Thursday evening brought out a large number of patrons, the attendance being the largest of the season. The supper menu included baked beans, brown bread,

pickled cabbage salad, scalloped corn, assorted cake and coffee. It was in general charge of the Ladies' Social Circle of the parish, with Mrs. Porter Hanson as chairman.

The Circle is to have an Easter sale and entertainment on April 16.

We are looking orders now for next month for painting and paper hanging. Be ahead of the rush this spring and start early. Gray's Wall Paper Store, 30-32 Daniel St.

One thing we've yet to look out for, however, is the usual big spring snow storm. Just a year ago today we had a big one, nearly five and a half inches falling on the level. And then again as late as April 12, nearly four inches of snow fell. And two years ago as late as April 9, more than nine inches of snow fell on the level (and that's a big snow storm, when you reckon the drifts.)

Hear Anna Varner Baker at High School Auditorium Thursday evening, March 13.

**DOVER POINT BRIDGE WAS DESTROYED A YEAR AGO TODAY**

Floating Ice Put Portsmouth Bridge Out of Commission.

A year ago today the great flow of ice came down the river from Little Bay carrying away a section of the Dover Point bridge and causing considerable damage in putting the Portsmouth and Kittery bridge out of commission for several days on both high way and railroad sections.

Owing to the open winter this year not much ice is expected to flow into the Piscataqua river but the railroad is said to be guarding against any such damage as that of March 1918.

**SUNDAY SCHOOL  
WORKERS HAVE  
GATHERING**

A gathering of the officers and teachers of the Middle Street Baptist Sunday school was held in the chapel on State street last evening, this being a sort of get-together meeting to talk over Sunday school work.

A supper was enjoyed together at 6.30 o'clock, the menu including tuna salad, relish, scalloped corn, assorted cake, ice cream and coffee, the committee in charge being Mrs. Bart French, Mrs. Wilbur H. Shaw and Mrs. A. C. Wiley.

After the serving there were informal talks on Sunday school work by the pastor, Rev. William P. Stanley, the superintendent, Frank C. Renick, assistant superintendent, N. F. Holmes and others.

**MARINE DRAFTSMEN  
GIVE A BANQUET AT  
THE ROCKINGHAM**

The Portsmouth Branch of the American Society of Marine Draftsmen was held at the Hotel Rockingham recently where numerous members of that organization gathered to eat and be merry. It was the first affair of the kind in many months and proved to be a very enjoyable evening.

Several speakers were heard during the period at the festive board including Constructor H. J. Boyd and A. V. Curtis, chief draftsmen of submarine construction at the navy yard, Mr. Stevens from the Shattuck yard and Mr. Wiseman from the Atlantic.

Plans were mapped out for the coming year and action taken concerning the welfare of the local branch. A musical program added a pleasing feature to the evening's entertainment.
